SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-58683, on 03/21/21, 1256 hours:** the IERCC advised of a InReach activation at the listed coordinates; 34.394385, -114.422514. These coordinates return to the area of Cadiz Dunes Wilderness in San Bernardino County. IERCC had received a message stating a Van had become stuck in soft sand and they needed assistance. LDO contacted San Bernardino County SO who responded to the scene and was able to free the vehicle. **Mission Closed.**
- **2021-LAW-58664 on 03/21/21, 1434 hours:** Yuba County Sheriff's Office called requesting 3 SAR-K9 trailing dogs for an 86-year-old MP with dementia. MP was last seen this morning, at 0300 hours, on video, walking .5 miles from his home. About 1645 hours, as the K-9 trailing dogs were in route to the search Yuba County SO called back saying the MP had been found deceased after falling into a ditch with standing water. All resources were released. **Mission Closed**
- **2021-LAW-58630 on 03/20/21, 1840 Hours:** AFRCC advised they received a PLB activation at the listed coordinates 35.135499, -117.850000. These coordinates return to a dry lakebed in Kern County near California City Correctional Facility. Kern County advised that medical was already in-route to the location for a report of a 15-year-old with a possible broken femur. Victim was moved by ambulance to a nearby Life Flight helicopter for transport to a local hospital. **Mission Closed**
- **2021-LAW-58624 on 03/20/21, 0447 hours:** WC received a call from AFRCC, regarding a snow mobile accident at the listed coordinates 39.23202 -120.18969. These coordinates return to a remote area near Truckee in Nevada County. AFRCC advised they were notified by Cal Fire that a snow mobile driver went over a cliff and fell almost 1000 feet resulting in severe injuries. Cal Fire requested a helicopter to perform the rescue. AFRCC advised that NAS Fallon accepted the mission and was deployed. Nevada County SAR advised the helicopter was able to recover the victim, and transported him to a Reno Hospital where he was unfortunately pronounced deceased. **Mission Closed**
- **2021-LAW-58620 on 03/20/21, at 1325 hours:** the IERCC advised of an InReach activation at the listed coordinates; 34.212370, -118.171906. These coordinates return to the area of Gould Mesa Trail in Los Angeles County. IERCC advised there was an injured hiker and they could not walk out. LA SAR was notified of the activation and sent resources to the area. At 1435 hours, LA SAR advised that all parties had been located / contacted and were off the mountain receiving medical assistance. **Mission Closed**
